
Dance Tot Level 2 Advancement (ages 3 - 5)

Students will likely be in Level 1 for **at least one year** before meeting the below criteria for level 2. Dance students will not advance the same way as other departments at MSC. Level 2 classes have higher standards for behavior and technique so that all students can be challenged and have fun!

Ballet

Ballet Tot 2 is based entirely on age. There is no assessment for ballet due to the nature of the dance style.

Ballet Tot 2 is for students ages 4 - 5

We recommend moving them up around 4.5 so that they are not in Ballet Tot 2 for two full years.
